

Robinhood Gold IRA Deposits Match Terms & Conditions

Robinhood Financial LLC (“Robinhood”) Gold IRA Deposit Match (“Robinhood Gold IRA Deposit Match” or “Robinhood Match” or “Match”) is subject to these Terms & Conditions.

Eligibility. The Robinhood Gold IRA Deposit Match is only available to customers who: (1) have successfully opened an Individual Retirement Account (IRA) that is offered by Robinhood and custodied at Robinhood Securities, LLC, (2) have contributed new funds in the form of a transfer of cash or investments from a qualified account at an institution other than Robinhood, such as an IRA or employer plan, and (3) are active subscribers to the Robinhood Gold product at the time that the customer’s transfer of qualified funds to the Robinhood IRA is initiated and completed.

Offer. Robinhood Gold IRA Deposit Match. For eligible Robinhood customers, Robinhood will provide a cash bonus equal to 3% of a customer’s deposits from an employer plan plus their net deposits from an IRA at another financial institution that are initiated and completed during the Offer Period to their Robinhood IRA subject to both (1) a five-year earn-out as discussed below, and (2) maintaining an active Gold subscription for at least one year from the date of the eligible contribution, as discussed below. The Match will be earned and deposited within approximately one week from the customer’s eligible contributions. The Offer Period is from January 17, 2024 through April 30, 2024, though Robinhood may terminate this promotion at an earlier date at its discretion.

Limitations. If a customer has received a Robinhood Gold IRA Deposit Match, and they transfer or distribute for any reason some or all of their Robinhood IRA outside of the Robinhood IRA prior to the earn-out period of five (5) years from receiving their Robinhood Gold IRA Deposit Match in their Robinhood IRA, a non-taxable IRA Match Early Removal Fee will apply to the IRA as payment for services from Robinhood, separate from and above any ACATS out fee, and this IRA Match Early Removal Fee will be the amount that the customer has received via the Match for any Match received over the previous five years. The IRA Match Early Removal Fee will be calculated with respect to all of the customer’s Robinhood IRAs if the customer has multiple IRAs at Robinhood. Any distribution outside of the Robinhood IRA will potentially implicate the IRA Match Early Removal Fee, including distributions that may be required by law such as required minimum distributions. The IRA Match Early Removal Fee may not apply if a customer’s IRA balance has risen by an amount greater than their net IRA contributions plus any Match that they have received. However, the IRA Match Early Removal Fee will apply if the customer initiates a transfer or distribution request, and the customer’s IRA balance has decreased, for any reason including investment losses, to less than their IRA deposits plus any Match they have received. If the customer has cash available in their IRA, this IRA Match Early Removal Fee will be deducted from their available cash balance. If the customer has insufficient cash available in their IRA to pay the IRA Match Early Removal Fee, this fee may be debited from their outgoing financial institution. Via these Terms, the customer directs the removal, transfer, sale of positions, and potential liquidation from their IRA to pay the IRA Match Early

Removal Fee or, as applicable, to cover account deficits created by the IRA Match Early Removal Fee.

If a customer has received a Robinhood Gold IRA Deposit Match, a Gold Cancellation IRA Match Removal Fee, chargeable to the IRA that the customer contributed to, will apply to the customer's IRA if the customer cancels or does not maintain an active Robinhood Gold subscription for at least one continuous year after the customer's first eligible IRA deposit was initiated and completed that earned a Gold Deposit Match during the same uninterrupted period of maintaining active Robinhood Gold membership. Examples of a customer failing to maintain active Gold membership include, but are not limited to, failure to pay the monthly Gold subscription fee in the customer's individual brokerage account, or the deactivation or restriction of the customer's brokerage account. The amount of this fee will be the difference between the Match that the customer received by virtue of being a member of Robinhood Gold, versus the match that the customer would have received if they had not been a Gold member. The remaining one-third of the Match continues to be subject to the IRA Match Early Removal Fee limitations pursuant to the above paragraph. Via these Terms, the customer directs the removal, transfer, sale of positions, and potential liquidation from their IRA to pay the Gold Cancellation IRA Match Removal Fee or, as applicable, to cover account deficits created by the Gold Cancellation IRA Match Removal Fee. For example, if a customer joined Robinhood Gold and deposited to their IRA on January 1, thereby earning \$3 in Match, and the customer canceled their Robinhood Gold subscription on March 1 of the same year, \$2 would be charged to the customer's IRA via the Gold Cancellation IRA Match Removal Fee. Additionally, if the customer transfers or distributes some or all of their Robinhood IRA to another financial institution within five years of the deposit, then an additional \$1 could potentially be charged to the customer's IRA as the IRA Match Early Removal Fee.

The amount of the Match is calculated based on 3% of the total of the transferred cash plus transferred securities and options, using the national market system closing price of each position transferred into the account on the trading day before when the transfer settles. Settlement is deemed to occur when the securities are posted to the account and available to trade. Please note that the Match is only available for securities that successfully transfer and settle, and will not be granted for securities that are rejected.

In the event that a customer deposits to a Traditional IRA and subsequently converts to a Roth IRA, the Robinhood Gold Cancellation IRA Match Removal Fee would apply to the customer's Traditional IRA. If there is insufficient cash in the Traditional IRA to cover this fee, this fee may create a deficit or be charged to the customer's Roth IRA. Indirect rollovers are generally eligible for this offer.

The Robinhood Gold IRA Deposit Match will not be granted with respect to transfers from an IRA at another financial institution if, during the Offer Period, a customer's withdrawals or transfers out of the Robinhood IRA are equal to or greater than the customer's transfers to the Robinhood IRA from IRAs at other financial institutions.

In the event that Robinhood determines in its sole discretion that there may have been fraudulent activity or a violation of these Terms in connection with the Robinhood Gold IRA Deposit Match, Robinhood reserves the right to either decline to grant the Robinhood Gold IRA Deposit Match, or to rescind or liquidate the Robinhood Gold IRA Deposit Match, or any security or any related dollar proceeds derived from the Robinhood Gold IRA Deposit Match, and via these Terms the customer directs the removal, transfer, and potential liquidation from their IRA. The Robinhood Gold IRA Deposit Match will be credited to the customer's Robinhood IRA within approximately one week after the customer has fulfilled the conditions of the Offer, though this timeline may be delayed in Robinhood's sole discretion if, for example, Robinhood determines that there are indications of fraud or a violation of these Terms. If 3% of a customer's contribution results in a Match amount that includes a fraction of a dollar smaller than \$.01, the Robinhood Match will be rounded down to the nearest penny. For example, if a customer transfers \$30.01, the Robinhood Gold IRA Deposit Match will be \$.90. The Robinhood Gold Deposit Match will not be granted for contributions less than \$1.

The Robinhood Gold IRA Deposit Match is not available with respect to IRA contributions or deposits alongside certain other Robinhood promotions, such as the Robinhood IRA Deposit Match or the Robinhood Gold IRA Contribution Match, for the same IRA contribution. In other words, a Robinhood Gold customer can't earn an additional match on top of the 3% for the Robinhood Gold IRA Deposit Match.

The Robinhood Gold IRA Deposit Match is not a recommendation of any investment or investment strategy, and is not a recommendation that a customer roll over or transfer assets into a Robinhood IRA. By participating in the Robinhood Gold IRA Deposit Match, the customer represents that neither Robinhood nor any Robinhood affiliate has recommended any rollover or transfer to the Robinhood IRA. A rollover is one of four options, and other options include leaving the customer's money at the old employer plan, moving it to the new employer plan, or cashing out. Please consult [here](#) for further guidance.

Robinhood, through the Robinhood Gold IRA Deposit Match, does not intend to provide the benefit of deferred compensation or to create an employee pension benefit plan under ERISA. For that purpose, Robinhood Markets, Inc. instead offers a separate employee benefit plan for Robinhood employees, the Robinhood 401(k) Plan, which may include a separate employer matching contribution.

Robinhood reserves the right to change the offer terms or terminate the offer at any time without notice. The offer is not transferable, saleable, or valid in conjunction with certain other offers and is available to U.S. residents only. The offer is only available for personal use, and may not be used for commercial purposes.

Taxes. Robinhood processes and treats the Robinhood Gold IRA Deposit Match as interest earned by the IRA account for tax reporting purposes. The interest amount is based on a percentage of contributions made into the IRA Account. The interest earned by the IRA account will not be subject to, or impact, the maximum annual dollar contribution limit or the maximum

annual deductible amount. Please note that the Robinhood Gold IRA Deposit Match may be taxable income for conversions of a non-deductible IRA contribution to a Roth IRA. Robinhood does not provide tax advice. You are encouraged to consult with your tax professional about appropriate tax reporting and treatment relating to this bonus award and the deposit of the bonus award in your account. Any taxes resulting from the bonus award are your responsibility.
