

Social Media at Robinhood Crypto and Bitstamp by Robinhood

This page contains the disclosures referenced in posts from the Robinhood Crypto X account. It includes relevant disclosures for content related to both Robinhood Crypto and Bitstamp by Robinhood.

Content provided on Robinhood social media channels is provided for general informational purposes only, does not constitute tax or investment advice, and is not an individualized recommendation for any digital asset, or investment strategy. Robinhood makes no representations or warranties with respect to the accuracy or completeness of the information provided. Please note that Robinhood Markets, Inc. and its subsidiaries are not affiliated with the various social media platforms and have no control over how these and other third-party sites use the information you share. Please remember, for your own security, you should never communicate any personal or account information using these channels. For more information about how Robinhood uses customer data, please read our privacy statement. Robinhood may share or provide hyperlinks to third-party content and/or "like/favorite" third-party content. Doing so is intended to provide additional perspective and does not constitute an endorsement, partnership, recommendation, or warranty by Robinhood of any services, products, guidance, individuals, protocols, or points of view outside of Robinhood, unless otherwise stated. Robinhood is not responsible for any financial risks arising from interacting with any third party, asset, exchange, or protocol. Posts by others that describe opinions, views, or experiences may not be representative or indicative of another's personal experience.

Risk Disclosures
